Course Overview

In this increasingly competitive world, customers are in a position to demand forever increasing levels of service and quality. Rather than simply react to their demands, successful companies are proactive in the way they manage quality and continuously seek to improve levels of customer satisfaction.

The concept of 'Customer Care' is one that is often used without being implemented properly. But if your company lives up to these claims, you will create better customer relationships and a smoother, more efficient and more profitable operation.

To achieve this, we work with you to define your objectives, the way topics need to be covered, and which skills improvements will be most effective.

Course Objective

- To provide bottom line improvements in service delivery, customer growth and profit.
- To increase the level of "Customer satisfaction" by creating service excellence.
- To recognize the need for excellence in customer service in the organization
- Help influence and set customer expectations
- Enables delegates to understand the vital importance of customer service to any organization.
- To assists delegates to provide exceptional customer service, either themselves or through the actions of their staff.
- Measure their own degree of customer focus and be able to apply a variety of methods to get closer to the customer

Who Should Attend?
